Sep 24, 2013. The CHARISMA Expansion Study is a two-arm, randomized (1:1), controlled study of a behavioral intervention-the Community Health clinic model for Agency in Relationships and Safer Microbicide Adherence (CHARISMA) to reduce social harms (Sbhs) and intimate partner violence (ipv), increase healthy relationship dynamics and oral PrEP (pre-exposure prophylaxis).

The Charisma of Community - By Common Consent, a Mormon ... Apr 23, 2021. Real charisma — what I call the charisma of community — has been thriving in our local congregations, all along. A few years ago in Relief Society we had one of those personal lessons on the Second Coming. For most of my life these had been my favorite lessons. And for the first time that Sunday it ... wasn't. It felt empty.
