An Introduction to Family Social Work

An Introduction to Family Social Work (Donald Collins 2012) This text provides beginning students with the knowledge and skills necessary for family social work. It is a family therapy text, aimed at students who will work with families, and not necessarily undertake advanced training in family therapy. Chapters 1 and 2 present a philosophical perspective and provide an understanding of family functions. Chapters 3 and 4 treat family assessment, and Chapters 5 through 10 lead students through the actual process of working with families. The concluding chapters discuss gender and culturally sensitive practice and cover special situations that family social workers may encounter in working with children and adults.
